

Weill Cornell Medicine

Pride Month: Prioritizing Your Health

Healthcare Resources for LGBTQ+ Patients at Weill Cornell Medicine

As a patient in the LGBTQ+ community, you may have faced barriers when it comes to getting the health care you need. **At Weill Cornell Medicine, we are dedicated to providing you with easy access to the highest quality care to help you live a healthy and fulfilling life.**

Specialty Care:

In addition to comprehensive primary and preventive care services, **we offer:**

- Youth Anxiety Center
- Hormone therapy
- Voice therapy
- Plastic and reconstructive surgery
- Gender-affirming surgery
- Hepatitis and liver care
- Gynecological cancer care
- Prostate and testicular cancer care
- Care for infectious diseases, including HIV/AIDS

Wellness Clinic:

As the first student-run clinic in New York City to offer free mental health care to LGBTQ+ patients, **we provide:**

- Individual counseling and psychotherapy
- Medication management
- Group therapy
- Community referrals

Partner Programs:

Our hospital partner, NewYork-Presbyterian, provides our patients with access to a host of programs and services tailored to the LGBTQ+ community, **including:**

- Community events and activities
- Special programs on healthcare issues that impact LGBTQ+ patients
- The Compass program for LGBTQ+ children and adolescents
